**The EAR Foundation of Arizona Mission**

EAR is an acronym for "Education and Auditory Research", a 501(c)(3) not-for-profit organization, is committed to providing assistance to the hearing and balance impaired community, and providing educational support to those with dizziness. Our mission is dedicated to the prevention, detection and intervention of hearing loss.

We provide loaner and permanent hearing aids to children, perform clinical and basic science research, and provide education and support for individuals with hearing loss and balance disorders. We are part of the Arizona Early Hearing Detection and Intervention program and provide audiology consulting and program development to many agencies and organizations
